9am to 6pm**

STARLIGHT

autism-focused after school care

Social and community skills

Teaches your child how to follow social rules, identify safe people to talk to, set physical boundaries, deal with bullying, and use money safely and responsibly. We use role-playing, games, and group discussions to teach these skills, and we provide parents and caregivers with resources and support.

**20 Kramat Lane #05-05
United House**

**Mon to Fri
9am to 6pm**

Friendship Skills

Teaches learners how to engage in age-appropriate activities with peers, start conversations, keep conversations going, and identify good friends. We teach learners how to find common interests with others, how to listen and ask questions, and how to read social cues. We also teach children how to resolve conflicts in a healthy way and how to be supportive friends.

**20 Kramat Lane #05-05
United House**

**Mon to Fri
9am to 6pm**

Academic Skills Development & Learning Support

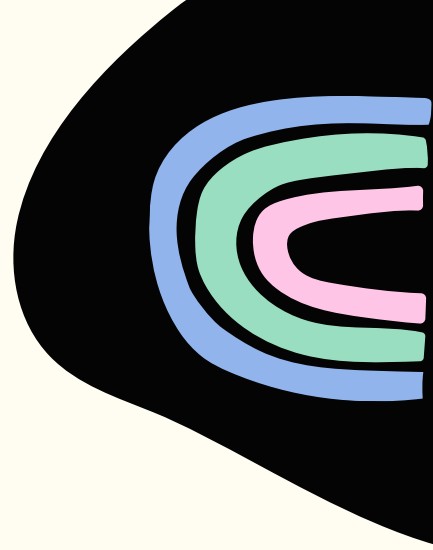

Support learners to effectively complete their daily homework, develop good learner repertoires (comprehension of target instructions, problem solving and asking for help when necessary etc.), revise subjects and prepare for tests, develop test-taking skills, set subject revision schedules, and to set academic goals. We believe that by developing these essential skills, we can help our learners to reach their full potential and achieve academic success.

**20 Kramat Lane #05-05
United House**

**Mon to Fri
9am to 6pm**

Emotion Recognition and Self-Management Skills

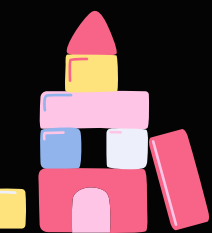

Teaches learners how to identify their emotions through personal experience, sharing and journaling of significant events/emotions, role-playing and problem-solving emotionally evocative scenarios, and coping strategies such as journaling, reporting, creating, and accessing safe space
